RADIO-TELEVISION INFORMATION

RADIO: The Royals Radio Network of over 115 stations in 10 states consistently ranks as 1 of the country's largest baseball networks. The popular duo of Denny Matthews and Fred White returns in 1982 as 1 of Major League Baseball's longest running broadcast teams. Matthews has broadcast over 2,000 Royals' games and has missed only 4 since the Royals' inception in 1969. White, who is often seen nationally on ESPN for college basketball and football and has worked extensively for CBS, NBC and TVS, returns for his 9th season. Ed Sheperd will continue as producer/engineer for the 14th straight season. Radio rights to Royals' games since 1975 have been held by Stauffer Communications of Topeka, Kansas, which is entering the 2nd of a 5 year contract. Stauffer's WIBW (580-AM) in Topeka serves as the Royals' flagship station, with KMBZ (980-AM) in Kansas City serving as the Royals' network affiliate in Kansas City for the 14th straight year. Headed by General Manager Bob Fromme and Stauffer Vice-President-Broadcasting Jerry Holley, the Royals Radio Network will broadcast 15 spring training games and the entire 162 game regular season schedule.

TELEVISION: Al Wisk and Denny Trease, both in their 3rd years of Royals' telecasts, will return to call the action of the 45 games to be televised during the 1982 season. Wisk has called the action for the California Angels, Los Angeles Rams, UCLA football and basketball, the Kansas City Chiefs and the Dallas Cowboys. Trease spent 7 years as the "voice" of University of Kentucky football and basketball before coming to Kansas City. WDAF-TV4 is entering the 3rd year of a 5 year contract in Kansas City, and originates a network of stations that has been expanded for 1982 to include nearly 20 affiliates in Nebraska, Kansas, Colorado, Oklahoma, Arkansas, Missouri and Iowa. Headed by Vice-President and General Manager Earl Beall and Operations Manager Buddy Turner, WDAF is owned and operated by Taft Broadcasting, which last December became a major stockholder in the purchase of the Philadelphia Phillies.

EWING KAUFFMAN OWNER

Chairman of the Board

There was much about Ewing Marion Kauffman in his early years to indicate he might one day own a major league sports franchise, possessing as he does a sense of daring and a tireless capacity for marshalling his own energies. Since both are ingredients critical to success in business and entertainment (which is what baseball has become in America), there are few among his intimates who did not cheer his purchase of the Kansas City Royals in 1968, the city's first "home-owned" major league franchise.

Their optimism proved valid. The club's even-handed philosophy and pervasive team spirit bear the Kauffman stamp. It is not so much the "white hat" syndrome but the conviction of a man who believes you get out of life what you put into it. Woven into his thinking, one must feel, is a deep and abiding belief in the essential value of the person, his dignity and his rights.

Under his guidance the Royals have developed into 1 of the most successful major league franchises.

It wasn't until 1980 that Mr. K. realized his 1st dream—a World Series in Kansas City as he promised the fans.

Mr. K., as he is known to associates, devotes a good part of his time to Marion Laboratories, Inc., the Kansas City-based pharmaceutical firm which he founded a quarter of a century ago. Today he guides the company in a daily advisory role as chairman of the board and chief executive officer. It was while building Marion to a \$200 million annual volume that he attracted national recognition for his ability to motivate those around him, a philosophy based upon the concept of sharing with Marion people the profits which they help generate.

As to the Royals, Kauffman leaves day-to-day decisions to his executives. He is kept advised of developments and devotes much time to specific American League and major league projects.

He sponsored formation of the Royal Lancers, a group of business men and women who have consistently kept Kansas City ahead of league leaders in season ticket sales. He has addressed numerous organizations on the value of starting and coordinating similar organizations.

Kauffman's life began on a farm near Garden City, Mo., sixty miles southeast of Kansas City. The family moved to Kansas City when he was a youngster. He attended high school and junior college locally, then spent four years in the Navy.

After a brief stint as a salesman for a pharmaceutical firm, he began in 1950 what was to become Marion Laboratories in the basement of the modest family home in Kansas City. The enterprise grew rapidly as a result of the intense personal efforts of its young owner, combining his unusual sales skills with his talent for motivating others.

Kauffman's business and sports leadership have brought numerous honors to the Royals. The Kansas City Press Club voted him Man-of-the-Year in 1973. He was the "Mr. Baseball" honoree at the 1976 Kansas City Baseball Awards Dinner, and later that year was inducted into the Missouri Sports Hall-of-Fame.

JOE BURKE

President

Joe Burke is the Royals' chief executive and has the responsibility for the club's complete operation. He was named President October 8, 1981. He is also a minority owner of the franchise, having purchased stock December 23, 1980.

"I am extremely pleased and happy with the way Mr. Burke has operated the club. I have complete confidence in his ability and leadership. With that in mind, I approached Joe following the 1981 season with the idea, and he accepted my offer to purchase stock and become a minority owner of the Royals," Ewing Kauffman said in reference to Burke.

Under Burke's guidance and leadership, baseball has achieved the greatest success it has known in its 27-year history in Kansas City. The Royals have won an American League Pennant, brought the 1st World Series to Kansas City and been A.L. Western Division Champions 4 times. With Burke in control attendance has climbed from 1,173,292 in 1974 to an incredible 2,288,845 in 1980, including three consecutive two million plus seasons.

It's no surprise that the 58-year old executive has molded the Royals into 1 of the most smoothly run and financially sound operations in baseball as he relies on 34 years of baseball experience.

Throughout his 21 seasons of administrative work in the major leagues he has been an active member in the continued development and structure of Major League Baseball. As the Chairman of the Committee on Divisional Play he was influential in the current structure of the 4 divisions and the beginning of the League Championship Series. He was also a member of the Committee on Expansion and has served on the Schedule Committee, Division of Receipts Committee and the Player Relations Committee.

In recognition of his efforts and leadership in bringing Kansas City its 1st division championship in 21 seasons, Burke was named 1976 Major League Executive-of-the-Year by The Sporting News. He was selected to the prestigious honor by a vote of the other major league executive officers. Following the Royals' 2nd straight division quest in 1977, Burke received the "Mr. Baseball" Award at the Seventh Annual Kansas City Baseball Award Dinner in January, 1978. The award is presented annually for outstanding service to professional baseball in Kansas City.

Burke served as Executive Vice President and General Manager from June 11, 1974 until his appointment as President last fall. He served as Vice President-Business after joining the Kansas City front office on Sept. 3, 1973. He was Vice President and General Manager of the Washington-Texas organization for 5 years prior to joining the Royals. Burke first joined the Senators as Assistant General Manager in 1961. He became Business Manager and Treasurer in 1963 and was named Vice President and Treasurer in 1968.

His first 12 years in baseball (December, 1948-60) were with the Louisville Colonels in his hometown. He was selected Man-of-the-Year by the Louisville baseball writers in 1960 when the Colonels, then affiliated with the Milwaukee Braves, won the Junior World Series. Burke was General Manager at the time, having taken over the duties in 1956. He started with Louisville as Ticket Manager and was Business Manager for 6 seasons from 1950-55.

Burke and his wife, Mary, make their home in suburban Kansas City. They have 7 children: Joe, Mary Ann, Jimmy, John, Alice, Bobby and Vincent.

JOHN SCHUERHOLZ

Executive Vice President and General Manager

John Schuerholz inherited the demanding and complex responsibility as Executive Vice President and General Manager from Joe Burke on October 8, 1981. The 41-year old executive assumes the day-to-day responsibility for the operation of the Royals, concentrating primarily on baseball matters during 1982.

"I have worked closely with John during the past 8 years and I have complete confidence in his abilities," Burke said. "He is 1 of the bright young executives in our game and is well prepared for this challenge."

Schuerholz is highly qualified to head the Royals' operation as he relies on 16 years experience. He is the only person who has been involved with every player that has come through the Kansas City farm system. He was part of the Royals' staff back in 1968 when Kansas City formed its original roster in the expansion draft, and he has played a key role in the organization's continued development of talent.

He originally joined the Royals' organization in August of 1968 as an Administrative Assistant, followed by a series of promotions leading to his present position. In 1970 he became Assistant Farm Director. He was appointed Farm Director in September of 1975 and served as Director of Scouting and Player Procurement and Development from 1976-79. The Baltimore, Md. native was named Vice President—Player Personnel January 25, 1979. During his career with the Royals he has been responsible for administering the operation of the Royals' minor league system, supervising and assigning scouts, hiring managers and coaches and negotiating player contracts. During the past two years as Vice President—Player Personnel, he has worked closely with Burke on major league matters including trades and contract negotiations.

Prior to joining the Royals, Schuerholz received his first exposure to major league baseball with the Baltimore Orioles, serving as an assistant to the minor league and scouting departments for 2 years.

He is a graduate of Towson (Md.) State University, where he was an all-conference choice in baseball and soccer and was Athlete-of-the-Year in 1962. He was inducted into the school's Athletic Hall of Fame in 1973.

Schuerholz and his wife Karen, daughter Gina, and son Jonathan, reside in suburban Kansas City.

While working in scouting he was instrumental in the search and signing of many of the current players in the Kansas City organization.

Prior to joining Kansas City, Robinson worked for the Cincinnati Reds (1962-67), Baltimore Orioles (1968) and an advertising and public relations firm. With the Reds his experience included serving as secretary to the minor league clubs, administrative assistant to the minor league clubs and scouting and assistant farm director. Hal hit .303 with 16 home runs and 70 RBI in that capacity . . . he also turned in a glowing ALCS showing in '77 by capturing individual hitting honors with a .444 (8-for-18) average . . . **1976**—Hal enjoyed a banner season, hitting over .300 for the 3rd straight year to become the 1st Royal to accomplish the trick . . . his .332 batting average, which ranked 2nd to teammate George Brett's in the A.L. batting race, was the highest by a righthanded hitter in the loop since Harvey Kuenn hit .353 in 1959 . . . as a DH he hit .329 (137-for-417) with 7 homers and 62 RBI . . . was named Designated-Hitter-of-the-Year by the A.L. press corps, KC Baseball Writers and was named to The Sporting News All-League team selected by the players . . . was also named to 2nd consecutive A.L. SCORING RULE—PINCH HITTERS

A player shall be considered a pinch hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up.)

A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

1981 HIGHLIGHTS: Split worked a dual role in '81 seeing his most action in relief, since the 1975 season . . . he made 21 appearances last year and 6 came in relief, the 2nd highest total in his career . . . 14 of his 1st 15 outings (through August 22) came in a starting role as a starter he was 4-5 with a 4.44 ERA working 87 innings in which he allowed 94 hits, 43 runs, 43 earned runs with 19 walks and 38 strikeouts . . . he made 5 consecutive relief appearances from August 28—September 25, before starting the final game of the regular season for KC . . . in relief he was 1-0 with a 3.75 ERA over 12 innings in which he allowed 17 hits, 5 runs, 5 earned runs with 4 walks and 10 strikeouts . . . Paul started slowly as he was 0-4 with a 5.20 ERA through 7 starts and 36.1 innings on May 18 . . . from that date through the end of the season he posted a 5-1 mark with a 3.87 ERA over 62.2 innings in which he allowed 70 hits, 27 runs, 27 earned runs with 16 walks and 35 strikeouts . . . he recorded a 6-5 win in 12 innings at Oakland on September 13 for his 2nd career bullpen win . . . he pitched 3 innings allowing 1 hit . . . his low-hit game of the year was a 6-hitter May 18 at Yankee Stadium when he suffered a tough-luck 2-1 loss . . . his longest outing of the year was a gritty 11-inning stint in Royals Stadium May 23 vs. Minnesota when he gave up but 6 hits in a game eventually won 1-0 in 15 innings by KC . . . his strikeout high was 6, also May 23 . . . Paul's '81 highlights also include the distinction of starting and winning the final game in Cleveland on October 5 that clinched the 2nd half title for KC . . . he worked 5 innings allowing but 1 hit in the 9-0 shutout.

CAREER HIGHLIGHTS: Paul has spent his entire career in the KC organization and is the club career leader in wins (142), innings (2,209), games (361), starts (334) and is 2nd in complete games (84), shutouts (17) and strikeouts (918) . . . **1980**—Paul was affected by a back problem from May 8-26, spending time in traction at 1 point due to back spasms . . . he didn't make a start during the 3-week stretch and then was bothered again by the back injury during the final weeks of the campaign . . . Paul still finished 3rd on the staff in victories (13), starts (33) and innings (204) while recording a 9-5 mark the 2nd half of the season . . . 1 of Paul's strongest stretches came when he opened the year by winning 3 straight (4 starts) from April 13—April 27 . . . perhaps his top individual outing came at Cleveland on September 5 when he beat the Indians, 2-1, with a 4-hitter that included a walk and a strikeout . . . Split closed out the campaign by winning 3 of his final 4 decisions . . . his last outing was a 4-0 win over Minnesota on October 5 when he combined with Rich Gale for a 1-hitter . . . Paul worked the opening 5 frames allowing 1 hit in picking up his 14th win . . .

Charlie Moore's pinch hit single with 2 out in the 8th inning spoiled his no-hit bid in the 3-0 win . . . he walked 3 and fanned a season high 9 batters in the contest . . .

1976—Although slowed the last two months of the season by a finger injury, Paul had another fine season . . . all but 3 of his appearances and 1 of his starts came prior to August . . . he overcame a slow start and 3-6 record to reel off 8 consecutive winning decisions from June 6—July 22 . . . on July 27 at California, after 5 innings in that game, Split was forced to leave the contest with a swollen index finger on his left hand . . . he was placed on the disabled list the following day and treatment for the tendonitis injury shelved him until Sept. 10 . . . the return paid big dividends to the Royals in the ALCS as the veteran southpaw posted a victory in 2 relief appearances while limiting the Yankees to only 2 runs and 7 hits in 9.1 innings . . . **1975**—Paul also overcame a slow start to finish the season as 1 of the team's most effective hurlers . . . keying the resurgence was a sterling mid-season stint in the bullpen—his 1st as a pro—in which he posted a 2.22 ERA and recorded a victory and save in 24 innings . . . once back in the starting rotation he kept his touch by twice putting together long strings of near-perfect work . . . 1st stretch was a 25 inning period without an earned run that began Aug. 3 and spanned 4 starting appearances . . . setting the

R-R WRIGHT, JAMES LEON, JR. (P) #35

PERSONAL: Jim, 6-6, 220, age 26 (turns 27, March 3, 1982), was born in St. Joseph, Mo. . . he and wife Kathy, son James Lee (5-28-77) and daughter Jacoba Lynn (2-26-79) still reside in his hometown, located only 55 miles north of Kansas City . . . was acquired by the Royals from the Phillies' system in 1980 at the annual Major League Draft . . . has been on the pro scene since 1973, but injuries have greatly curtailed his service between '77-79 . . . followed 1980 season on triple-A level with rehabilitation program at Clearwater, Fla., continuing long road back from arm woes . . . was considered 1 of baseball's top young pitching prospects prior to suffering arm problems for the 1st time in 1977 . . . can be used either as starter or out of the bullpen.

1981 HIGHLIGHTS: Jim turned in his 1st season on the major league roster and was used both as a starter and reliever . . . his major league debut came April 22 vs. Cleveland as he worked the game's final 2.1 innings and he did not allow a run . . . won his 1st major league decision on May 30 at Minnesota . . . worked 4 innings allowing only 1 hit and no runs as KC won 6-5 . . . was 1-0 with a 2.70 ERA in 8 games during the 1st half of the year . . . was used exclusively as a reliever through his initial 12 appearances . . . made his 1st big league start on September 14 at California in place of injured Larry Gura . . . he was not involved in the 4-3 KC win . . . he continued in the starting role for 3 more games . . . lost his next 2 outings to Seattle before winning his final start of the year at Minnesota . . . he started the final game ever played at the Met, working 6.2 innings (his longest stint of '81) allowing 7 hits and 2 runs . . . struck out his season high of 4 on 2 occasions.

CAREER HIGHLIGHTS: Despite injuries throughout his career, Jim compiled an impressive 58-37 (.611) minor league record since beginning his pro career in 1973 . . . **1980**—Jim turned in his 1st full-season since 1976, logging work in the Oklahoma City starting rotation . . . he began the year slowly as his work was monitored closely due to 2-year layoff . . . his outings were limited to 5 or 6 innings much of the year, but down the stretch he increased his work as his arm strengthened . . . his longest winning streak was 3 games in early June . . . 1 of his finest outings came June 6 against Iowa when he went 7.0 innings without yielding a run . . . Jim's strikeout high of 5 was accomplished on 3 occasions . . .

WRIGHT Continued

Miscellaneous—he was having an outstanding 1977 season in his 1st year on the triple-A level when halted on August 3 because of arm ailment . . . was 14-6 in only 22 starts at Oklahoma City prior to the injury . . . injury popped up again during '78 spring training session . . . he began '78 at Oklahoma City, but after only 5 starts was forced to undergo surgery for bone defect in arm . . . was back in Phillies' spring camp the next season (1979) but hard-luck pitcher was again struck by injury bug . . . suffered broken right arm at Clearwater on March 21 and was sidelined all year long . . . extensive examination (X-rays, body scans and tomogram) at Methodist Hospital in Philadelphia on December 12, 1979, revealed that his arm healed properly . . . off-season rehabilitation program enabled him to take a big step last year by turning in full-year of service at Oklahoma City . . . during a 3-year period from 1975-77 the big righthander posted an outstanding 41-18 (.695) mark while moving rapidly through the Phillies' system to the triple-A level . . . perhaps his finest season was a 13-5 mark with career-best 2.39 ERA at Reading in '76 . . . had brilliant campaign in '75 at Spartanburg, pacing the Western Carolinas League in wins (14) and complete games (15) while sharing the shutout high (4) . . . also set career highs for both innings (181) and strikeout (127) that summer . . . Jim began his 8-year career in 1973 after being selected as Philadelphia's 5th choice in the June Free Agent Draft . . . he graduated that spring from Benton High in St. Joseph.

DESIGNATED HITTER RULE

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

NO-HITTERS

Steve Busby and Jim Colborn are the only pitchers in Kansas City's modern major league history to have hurled no-hitters.

Busby accomplished the feat on two occasions, the first coming in Tiger Stadium when he held Detroit hitless on April 27, 1973. Busby gave up 6 walks and struck out 4 as Kansas City won 3-0. His 2nd gem also came on the road on June 19, 1974 at Milwaukee's County Stadium where he blanked the Brewers, 2-0. It was in near perfect fashion as the only baserunner was George Scott, who walked to lead off the 2nd inning.

Colborn recorded the 1st no-hitter by a Kansas City pitcher at Royals Stadium on May 14, 1977, when he blanked the Texas Rangers, 6-0. It too was nearly a perfect outing as Colborn walked one batter and hit another while facing only 28 hitters.

Busby and relief pitcher Doug Bird teamed up for a no-hitter against Detroit April 23, 1973 during the exhibition season. Busby pitched the 1st 6 innings and allowed only 2 baserunners—1 reached by a walk and the other on an error. Bird pitched the final 3 innings and allowed only 2 walks as KC won 4-1.

After dusting off the record books, it has been discovered that back in 1888 Henry Peter hurled a no-hit game for Kansas City's American Association major league club. It was a 4-0 win in Baltimore as the righthander walked 2 batters.

Until Busby and Bird teamed up for their gem, the last professional no-hitter by a Kansas City hurler had been Ernie Nevel's 7-inning gem in the Triple-A American Association in 1951.

Kansas City had 5 minor league 9-inning no-hitters while it was in the American Association, the last 1 Carl De Roses' perfect game in 1947.

California Angels' ace Nolan Ryan recorded the 1st no-hitter in Royals Stadium on May 15, 1973. He struck out 12 and allowed only 3 base runners—all on walks.

The only other no-hitter thrown against Kansas City came when Jack Kralick of the Minnesota Twins no-hit the Athletics at Bloomington on Aug. 26, 1962, for a 1-0 victory. He came within 2 outs of pitching a perfect game. With 1 out in the 9th inning, he walked pinch hitter George Alusik on a 3-2 pitch.

Carl DeRose of the Blues of the American Association hurled the only professional no-hitter in Municipal Stadium when he blanked Minneapolis 5-0, on June 26, 1947. He faced only 27 batters, making it the first perfect game in American Association history.

ROYALS WORLD SERIES REVIEW

1980 WS—VS. PHILADELPHIA PHILLIES

The 1st World Series in Kansas City history matched the Royals against the Philadelphia Phillies, who put on a storybook surge to capture their 1st National League pennant since 1950. The Phillies claimed the World Championship in 6 games, using wins in the opening 2 contests at Philadelphia to jump to a commanding advantage. The Royals then edged the Phillies 2 straight at Kansas City to even the matchup after 4 games, but the National League club rallied for a pair of runs in the final frame of Game #5 at Royals Stadium to record a 4-3 triumph that ended the Royals' hopes. The showdown returned to Veterans Stadium for Game #6 and the Phils secured the title in front of the home fans with a 4-1 verdict in the final game. In an exciting series spiced by several outstanding individual performances, Willie Aikens blasted 4 homers while hitting .400 and Amos Otis supplied a .478 clip with 3 homers in leading KC's offensive showing.

*Split Season

The Royals' farm system and scouting department are under the guidance of Dick Balderson, Director of Scouting and Player Development. Assisting in the day-to-day administration of the organization's 6 minor league affiliates is Dean Taylor, Assistant Director of Scouting and Player Development.

The Royals, since the organization's inception in 1969, have operated one of baseball's most aggressive farm systems and will continue in that pattern in 1982. For the 3rd consecutive year, Kansas City's minor league system will include a triple-A club, a double-A club, 2 A clubs and a pair of rookie affiliates.

Kansas City takes pride in the significant role that its farm system has played in the development of the major league franchise. Over the years the farm system has been especially productive in providing players for the major league team, and certainly, the 1982 season follows that strong tradition. 24 of the 37 players listed on the Royals' 1982 winter roster were signed and developed by the Royals. Included are a number of players who have played on a regular basis—catcher John Wathan; infielders Frank White, U.L. Washington and George Brett; outfielder Willie Wilson, and pitchers Dennis Leonard, Paul Splittorff, Dan Quisenberry and Renie Martin. Additionally, 5 new products of the Royals' farm system appear on the major league roster for the 1st time in 1982.

Several players in the Farm System enjoyed impressive campaigns in 1981. At Omaha (AAA), reliever Jeff Schattinger notched an 8-4 mark and 2.64 ERA with 23 saves in 59 games. He was also named to the American Association All-Star team by All-America Baseball News. Also having an outstanding year was outfielder Pat Sheridan. He recorded a solid .298 average with 5 homers and 31 RBI. At Jacksonville (AA), Mark Ryal was 1 of the major contributors with a .267 mark that included 15 doubles, 14 homers and 69 RBI. Another steady player was 2nd baseman Brad Wellman. He hit .263 with 25 doubles and 47 RBI. The Florida State League (A) was paced by Fort Myers' outfielder Mike Brewer who led the league in RBI (84) and listed 2nd in homers with 16.

The Royals' entry in the Florida Instructional League was highlighted by a strong pitching staff, including Frank Wills' 2-1 record and 2.08 ERA with 3 saves.

In addition to belonging to the Major League Scouting Bureau, the Royals' player development phase is enhanced by 15 full-time scouts and a contingent of 11 part-time scouts.

ROYALS STADIUM

In the period of just 9 years, Royals Stadium and the unique Harry S Truman Sports Complex have become landmarks in Kansas City. Built exclusively for baseball, Royals Stadium has drawn rave notices since opening in 1973. Maybe United Press International's description, "perhaps the finest facility for the game ever erected," describes it best.

The stadium opened April 10, 1973, with the Royals defeating Texas 12-1 before 39,464 fans. That culminated the dream which had been building since the citizens of Jackson County okayed by more than the two-thirds majority needed \$43 million in general obligation bonds on June 27, 1967.

Inflationary costs led to \$13 million of revenue bonds, and personal investments by franchise owners Ewing Kauffman of the Royals and Lamar Hunt of the neighboring Kansas City Chiefs brought the cost of the total project beyond \$70 million.

The Stadium's affect has been tremendous as Kansas City has topped the million mark 9 consecutive years in the new home capped by 1980's all-time Kansas City record of 2,288,714. A total of 15,288,792 have paid their way into the Stadium since opening day for an average of 1,698,755 fans per season.

The features of Royals Stadium are numerous, but the Tartan Turf surface which covers both the infield and outfield, a 12-story high scoreboard and 322-foot wide water spectacular which cost more than \$3 million and a \$1,500,000 stadium club are among the most talked about items.

The scoreboard, in the shape of the Royals' crest, flashes statistical data, much of it figured instantaneously by the 2 computers, and shows animated cartoons. The board contains 16,320 light bulbs, most of them on the 40-foot wide, 60-foot high screen.

The water spectacular, the largest privately-funded fountain in the world, is a regular part of each Royals Stadium show.

It runs from centerfield toward the rightfield corner and contains a 10-foot high waterfall which descends from the upper cascade pool which serves as a background for 2 water fountain pools 40-foot wide. It terminates with 5 10-foot high horseshoe falls in front.

The water show includes 150 combinations of spray and color effects, with an awesome number of possible variations. It takes nearly one half million gallons of water to fill all the pools, and up to 50,000 gallons of water can be thrust into the air at one time. There are 638 nozzles and underwater illumination is by 670 500-watt lamps.

The stadium club, located on the third base side of Royals Stadium, provides 4 tiers of dining area, each with a view of the playing surface. Nearly 500 fans may enjoy the indoor dining comfort while they watch the game. Another 300 may take advantage of 3 beautiful banquet rooms for pre or post-game events.

Only members and their guests may use the main dining area. The banquet rooms are available to any group.

Twenty privately-leased business suites, decorated by the individual company, also are available to add to the total enjoyment of many.

Media representatives work in the air conditioned comfort of a modern press box. The level just above includes 7 broadcasting booths and there are ground level and press level photographer and television camera positions.

Four circular ramps and 4 escalators make all sections easy to reach. 20,318 of the 40,635 seats are on the lower level with 2,495 on the club level (even with the press facilities) and 17,822 on the upper level.

Parking spaces are available for a very ample 16,000 automobiles and 80 buses, and the stadium is conveniently located just off Interstate Highways 70 and 435. The Truman Sports Complex is 10 minutes east of downtown Kansas City.
